#### INDEPENDENT AUDITOR'S REPORT

Board of Directors
Investment Advisors & Consultants, Inc.
Ocean, New Jersey 07712

We have audited the accompanying statement of financial condition of Investment Advisors & Consultants, Inc. as of September 30, 2002, and the related statements of income, changes in stockholders' equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above represent fairly, in all material respects, the financial position of Investment Advisors & Consultants, Inc. as of September 30, 2002 and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules A-1, A-2 and A-3 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### CERTIFIED PUBLIC ACCOUNTANT

MEMBER OF THE AMERICAN INSTITUTE AND NEW JERSEY SOCIETY OF CERTIFIED PUBLIC ACCOUNTANTS

Board of Directors Investment Advisors & Consultants, Inc. Ocean, New Jersey 07712

In planning and performing our audit of the financial statements of Investment Advisors & Consultants, Inc. for the fiscal year ended September 30, 2002, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

We also made study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13 or in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitation in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we note no matters involving the internal control structure that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at September 30, 2002, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, and other regulatory agencies which rely on rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.

### INVESTMENT ADVISORS & CONSULTANTS, INC. NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2002

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### NATURE OF THE COMPANY'S BUSINESS

Investment Advisors & Consultants, Inc., was incorporated under the laws of the State of New Jersey on May 24, 1979; the corporation is a registered broker dealer licensed in New York, New Jersey, Pennsylvania, Florida, Massachusetts, Delaware, North Carolina, Maryland, Connecticut, Washington, D.C., Colorado, Virginia, South Carolina, California, Oklahoma, Texas, Arizona, Kansas, Missouri, Vermont, Georgia, Indiana, Michigan and Oregon for sale of mutual funds and variable annuity products, as well as limited partnership units. The Company also acts as an introducing broker dealer for the sale of individual securities.

The Corporation is licensed under regulations of the Securities and Exchange Commission and the National Association of Security Dealers and is a member of Securities Investor Protection Corporation.

#### INCOME TAXES

Deferred income tax assets and liabilities are computed annually for differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense is the tax payable or refundable for the period plus or minus the change during the period in deferred tax assets and liabilities.

### INVESTMENT ADVISORS & CONSULTANTS, INC. NOTES TO FINANCIAL STATEMENTS (Cont'd) SEPTEMBER 30,2002

#### FURNITURE, EQUIPMENT & LEASEHOLD IMPROVEMENTS

Furniture and equipment are carried at cost. Depreciation is recorded under the MACRS method.

Leasehold improvements are carried at cost. Amortization is recorded under the straight-line method. Since the difference in depreciation for book and tax purposes is considered immaterial, no provision is necessary for deferred tax liabilities.

#### NOTE 2 - RELATED PARTY TRANSACTIONS

Investment Advisors rents office space at fair market value from an agency that is 50% owned by an officer of the company.

#### NOTE 3 - CLERICAL REIMBURSEMENT

Clerical reimbursement represents reimbursement for clerical services provided to agents.

#### NOTE 4 - INCOME TAXES

The provision for income taxes is comprised of the following components:

Income Taxes Currently Reportable:

Federal \$ 7,165 State 4,837Provision \$12,002
